This memorable event is a true highlight of Advent festivities on the Coast and is one not to be missed.

See the enclosed brochure for more details.

mPower Twenty-10

The final wash-up

While 106five's mPower Twenty-10 fundraiser has ended, the donations continue to pour in, lifting our mPower Twenty-10 total to just over \$49,800.

While we fell short of our target of \$70,000, the Lord has indeed blessed us and challenged us to trust Him for our on-going needs.

November has been a truly blessed month for 106five with sponsorships exceeding budget by the middle of the month and over 50 new members signing on since the commencement of mPower Twenty-10 at the start of October.

What is Passion?

*An invisible desire that becomes the driving force;
That propels you forward;
That is inside of you;
That makes you up;
The very fibre of your being;
That was implanted in you;
The day God handcrafted you;
To achieve "The Vision";
The burning desire in your heart;
To answer the call God chose for you to do in your lifetime...*

What is your Passion? by Heather Crosswell ©2008

Have you ever wondered why we do the things we are passionate about first? God has given us a Passion, the very thing He has called us to do here on earth.

We have been fearfully and wonderfully handcrafted by God in our mother's womb. (Psalm 139) We have seeds of greatness planted in us to give to others. Giving love and life words, encouraging others to get to know Jesus.

We have been called, commissioned, to fulfil our purpose, to do specific things in our lifetime. To reach the world with the unconditional love of Jesus, the hope of Salvation by the power of the Cross.

*This Christmas impact someone's world with the love of Jesus
You can make a difference.What is your passion?*

PRESIDENT'S MESSAGE

Where to start? Easy!

'Rejoice always, pray without ceasing, in everything give thanks; for this is God's will for you in Christ Jesus' - *1Thess 5:18*

You would have picked up from my last newsletter item, and the subsequent on-air invitation to join us in prayer and fasting, that there have been challenges for us, specifically with regard to finances.

We are not alone in this regard. There are likely many finding it more difficult than us.

So we give thanks to God for the wonderful provision of our broadcasting licence, for the many that have prayed, worked, given and supported the station down through the years to bring us to this point.

We give thanks for the many lives we know that have been impacted as God's word and love have been broadcast.

We thank Him too for the generous support of those who gave to the mPower Twenty-10 campaign and for the increased flow of new members, new sponsorship sales and general giving since our time of prayer and fasting.

God got our attention and brought us to our knees as we fasted and prayed.

Personally I felt lead to write a letter to the Lord and lay before Him our position, one of desperateness and exhaustion, in a similar manner to the actions of King Hezekiah when faced with overwhelming odds.

As Hezekiah did, so too I asked the Lord 'to deliver us so that Your people and the world will know that Thou alone, O Lord, art God'.

Can I encourage you to read *2 Kings Chapters 18 + 19*. If you would like a copy of the letter please call the station. And continue to keep us in your prayers!

Thank God that He knows everything, that 'He is the same yesterday today and forever' - *Heb. 13:8* - and that 'He will never desert us nor forsake us' - *Heb 13:5*.

With Christmas celebrations knocking on the door let's take time too to thank God again for Jesus Christ and His perfect gift and take the opportunity to share the story with as many relatives, friends and acquaintances as possible - remembering often times actions speak louder than words!

SHOULD WE CANCEL CHRISTMAS?

CTA Christmas Day TV special looks at the evidence

Christian Television Australia's Christmas Day TV special, to be screened nationally at 8am on Christmas Day on the Seven Network, asks the question, 'Should we cancel Christmas?'

"Every year, Christmas seems to get busier & busier," said CTA CEO & programme P/D, Martin Johnson. "It's stressful & many struggle emotionally.

Host Karl Faase (l) with Prof. Ian Harper

When you also consider we have largely lost the Christian heritage of Christmas, maybe its time to ask if we should cancel it altogether?"

Programme host Karl Faase looks at three aspects of Christmas. "We look firstly at the economic & social impact of Christmas. Social researcher Mark McCrindle reveals that Christmas is worth \$20B when you measure the economic and societal impact of the Christmas period," he said.

The programme then looks at the history behind the event and Prof. Alanna Nobbs from the Ancient History Department of Macquarie University explains how historians can know whether something actually happened or not.

"Professor Nobbs clearly shows us that the events of the first Christmas, as set out in the Biblical account, are reliable and trustworthy," Karl said.

The programme also has a rare look at a piece of an original manuscript from the New Testament, dating back to the 1st century, owned by the university.

P/D Martin Johnson (l) with Bishop John Harrower, Prof. Ian Harper and Karl Faase

Finally the programme looks at how the events of the first Christmas can still affect people today.

"Professor Ian Harper talks about his own journey of coming to faith and how one Christmas Day, he came to the realisation that the Christian faith was based on a real event and that he needed to make a decision to accept it or not," Karl Faase said.

The programme also offers viewers a free copy of Lee Strobel's book 'The Case for Christmas'.

Produced by Olive Tree Media for CTA, the programme will air on Christmas Day on the Seven Network at 8am

CHELSEA LÖWIK

Chelsea has brought her considerable flair, exuberance and knowledge gained studying Event Management to 106five to help us with preparing, planning and staging our various events.

As she is one of the youngest of our team, Chelsea has been made very welcome and sees her role as a great opportunity to give back to her community.

"Often people my age don't realise that they can do other things in the community outside their immediate social sphere so I love it when I talk to other people and they feel inspired to also look for opportunities to make a difference in places like this too," Chelsea explains.

A coffee 'addict', Chelsea also enjoys hitting the beach, listening to the new Hillsong Chapel album or curling up with a good book.

REV. JAMES HALL

Reverend James is our resident Chaplain and joins us each Thursday morning for devotion and prayer. His dedication and commitment to 106five is highly admirable and all staff gain great benefit from his time with us each week.

He has just completed "Draw Near" a six week series of daily devotions all about drawing closer to God which he wrote to accompany a sermon series for his home Church, St John the Baptist Anglican Parish, Nambour.

Timothy the youngest of his 4 children often accompanies his Dad who is also pretty handy on a BBQ.

106five is very blessed to have Pastor James as an integral part of our team

PRODUCTION STUDIO

106five's 'new' production studio is taking shape and wiring is now almost complete. The studio will take significant pressure off the overworked main production studio and alleviate the necessity for voice-tracking to be done in the main on-air studio.

Above, left: the post-production area, right: the 'new' production desk

While sound-proofing still needs to be sourced for the studio, some production work is already underway using the facility, most significantly the post-production area where programmes, such as Focus on the Family, from outside sources are prepped for airing.

The sound booth area between the two production studios is also slowly taking shape with more equipment and work to be done as time and finances permit.

Your prayers for the continuing work in these areas is appreciated.

FAREWELL, JULIE

Julie Mallett says farewell to her 'full' time position at 106five from 11th December when she heads off on a camping holiday with family.

Julie Mallett (r) with Meredith

Julie has made the reception area her own since joining us over 2 years ago and she will be greatly missed.

Her diligence, professionalism and kindness will be shoes hard to fill but management have gone a small step of the way, appointing Hank to the front desk.

Julie will not be lost to us completely as she plans to still be available as a volunteer, especially assisting during mail-outs and radiothons.

Richest blessings Julie in the next phase of your life.

FAREWELL, JACK

Jack Paton has been with 106five for 2 years on a school based traineeship doing a Certificate 3 in Broadcasting from St Johns College. Now finished year 12 he leaves us to pursue a broadcasting career. Thank you Jack and blessings for your future.
